JUMO Manual Retractable Holders (202822)

- The sensor can be installed and removed under process conditions
- Possible sensor installation length: 120 and 225 mm
- Electrode holder Pg13.5
- Various process connections
- Stainless steel and plastic version (PP)

Order details

	(1)	**Basic type**
202822		Manual quick-change fitting
	(2)	**Process connection**
105		Screw connection G 3/4 A for electrodes with a fitting length of 120 mm
106		Screw connection G1 A for electrodes with a fitting length of 225 mm
613		Clamping socket (clamp) DN 25/32/40 DIN 32676 (1 1/2" ISO 2852)
	(3)	**Insertion length**
48,00		48 mm
62,00		62 mm
135,00		135 mm
	(4)	**Material**
26		Wetted parts in contact with medium: stainless steel 1.4571
87		Polypropylene (PP)
	(5)	**Extra codes**
000		Without extra code
