JUMO Stainless Steel Process Fittings (202825)

- Tube installation
- Container installation
- Hygienic design
- FDA-compliant materials
- Sensor length 120 x 12 mm
- Wide selection of process connections

Order details

			(1)	**Basic type**
		202825		Process fitting suitable for media with increased hygienic requirements
		202831		Process fitting suitable for use in water management and process engineering
			(2)	**Process connection**
X	X	000		Without process connection
	X	105		Screw connection G 3/4
X		607		Taper socket with union nut DN 50 DIN 11851 (dairy compression fitting)
X		613		Clamp DN 25
X		616		Clamping socket (clamp) DN 50 DIN 32676 (2" ISO 2852)
X		688		Screw connection G 1 1/4 (Ingold connection)
			(3)	**Material**
X		24		Wetted parts in stainless steel 1.4404 (AISI 316L) - special version
X	X	26		Wetted parts in stainless steel 1.4571 - standard material
